

# Pallet Dispensers and Pallet Conveyor

Statera designs, manufactures and supports pallet dispensers and a complete range of pallet conveyor technologies. Statera pallet dispensers are compatible with existing pallet conveyor or they can be purchased along with fully integrated pallet conveyor sections.

## PALLET DISPENSERS

RIGHT HAND  
CONFIGURATION SHOWN

### PALLET DISPENSERS - SIDE DISCHARGE

Statera pallet dispensers are budget friendly and built to last. They represent the best value in the pallet handling industry. Our side discharge models are available in either right hand or left hand configurations.

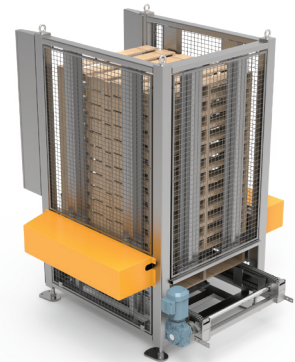

Other key features include:

- Compatible with existing pallet conveyor
- Standard discharge height 18"
- Powder coated mild steel construction
- Empty pallet capacity 10 standard; 15 optional
- Utilities 230 / 460v / 3 Ph / 60 Hz & 90 psi / 5cfm
- Economical base models supplied without controls
- Available options include fully integrated controls and Statera pallet conveyor

### PALLET DISPENSERS - INLINE CONFIGURATION

Statera pallet dispensers are budget friendly and built to last. They represent the best value in the pallet handling industry. Key features include:

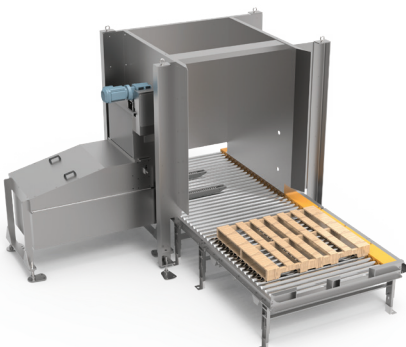

- Compatible with existing pallet conveyor
- Standard discharge height 18"
- Powder coated mild steel construction
- Empty pallet capacity 10 standard; 15 optional
- Utilities 230 / 460v / 3 Ph / 60 Hz & 90 psi / 5cfm
- Economical base models supplied without controls
- Available options include fully integrated controls and Statera pallet conveyor

### PALLET DISPENSERS - FORK STYLE

Statera pallet dispensers are budget friendly and built to last. They represent the best value in the pallet handling industry. Key features include:

- Compatible with existing pallet conveyor
- Standard discharge height 18"
- Powder coated mild steel construction
- Empty pallet capacity 10 standard; 15 optional
- Utilities 230 / 460v / 3 Ph / 60 Hz & 90 psi / 5cfm
- Economical base models supplied without controls
- Available options include fully integrated controls and Statera pallet conveyor

# PALLET DISPENSERS AND PALLET CONVEYOR

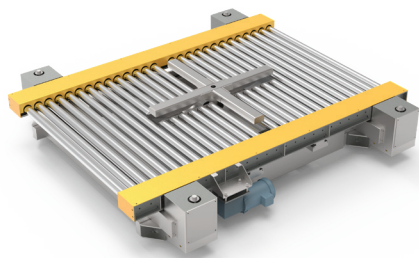

S&I

SYSTEMS & INTEGRATION

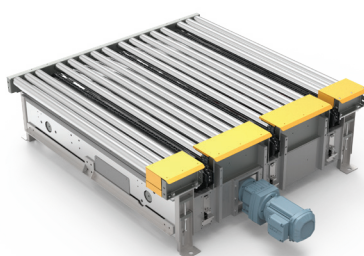

## PALLET CONVEYOR

Statera designs and manufactures turnkey conveyor systems for complete and partial packaging lines. We offer a full range of product conveyor, case conveyor and pallet conveyor technologies and we specialize in projects requiring single source accountability to deliver reliable performance for our customers.

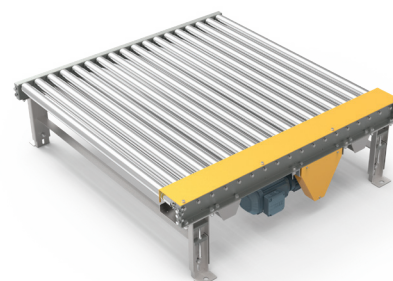

Our pallet conveyors include corrosion resistant zinc plated rollers with a close-spaced roller pitch which provides smooth pallet movement. By eliminating the bouncing, bumping and vibrating caused by standard 4" roller pitches our 3.2" roller pitch systems reduce slipsheet usage which translates into increased efficiencies, cost savings and faster cycle times at the palletizer.

PALLET ROTATOR

52" EFFECTIVE WIDTH DUAL DIRECTION  
90° TRANSFER

52" EFFECTIVE WIDTH CDLR

## TYPICAL PRODUCT SPECIFICATIONS

ITEM	STANDARD	OPTIONAL
Application - Pallets	GMA	CHEP, PECO
Pallet Size Range	40" x 48"	Customer Specified
Load Capacity	Up to 3,500 lbs	Up to 5,000 lbs
Motors	SEW VFD Gearmotor, Inverter Duty, Below Mounted	IP69K Gearmotor Above Mounted
Conveyor Speed	30, 45, and 60 FPM	Custom – Application Specific
Drag Chains	ASA 40-1 Chains – outer chains on 36" centers	N/A
Frame	7-gauge, zinc plated mild steel, powder coated	Stainless Steel, Washdown
Rollers	Zinc plated 2.36" (60mm) diameter	3.0" (76mm) diameter
Roller Pitch	3.23" (82mm)	4.72" (120mm)
Standard Powered Zone Lengths	5', 6' & 7'	N/A
Standard Non-powered Sections	1', 2' 3' & 5'	N/A
Integrated Wireways	Built-in channels enable easy separation of high and low voltage wiring	N/A
Electrical	230V / 460V 60 Hz / 3 Ph	N/A
Effective Width	52"	45", 60"
